

The Ministry of Health has announced the cancellation of the 'Public Health Requirements for Travellers Entering Myanmar through International Air Travel, Sea Travel, and Border Entry/Exit Points (01-03-2024).'

Due to the increased vaccination coverage against COVID-19 worldwide, including Myanmar, and the adoption of the new normal lifestyle by the public, the breakout of COVID-19 pandemic has been significantly declined. Therefore, to facilitate the promotion of tourism and trade industries, health requirements prescribed previously will be relaxed. The Ministry of Health has issued a notification that the “Public Health Requirements for Travellers Entering Myanmar through International Air Travel, Sea Travel, and Border Entry/ Exit Points dated (01-03-2024)” has been cancelled.
